

Is there any priority or emergency traffic before we begin the scheduled Hospital Net?

[PAUSE]

Good Evening! This is [CALL], [NAME], Net Control Station for the scheduled monthly Santa Clara County Hospital Net on the N6NFI repeater, 145.230 MHz, negative offset with a PL of 100Hz.

This net meets on the 4th Wednesday of each month at 1900 hours local time for the purpose of training and to verify operation of amateur radio equipment installed at each local hospital.

[PAUSE]

This net is being conducted from [YOUR HOSPITAL], part of the Santa Clara County Hospital Net. The tactical call sign for this station is [YOUR HOSPITAL]. My call is [CALL].

[PAUSE]

I will now conduct a roll call of the district hospitals. Please respond with your tactical call, that is, the name of your hospital, your amateur call sign using phonetics, and your first name. Identify any other amateur operators on station with you tonight. Indicate if you have any traffic and if you have sent a packet message to: hosdoc@w2xsc. And finally, indicate if you are using hospital or personal equipment.

[Read specific instructions for this evenings net, if any]

[Go to hospital roll call sheet – next page]

This concludes the polling of the hospitals. This is [CALL]. [PAUSE]

I will now take traffic from those hospitals indicating they had traffic.
[Refer to poll list – call each in order and handle any traffic]

Are there any late or missed hospitals that wish to check in? Go now, please.

Is there any other business for the net at this time? [PAUSE]

Thank you for your participation in the Monthly Hospital Net. We will now return the repeater to normal, general purpose, use. Our thanks to the owners and operators for use of the repeater this evening. Good Evening, this is [CALL], [NAME] closing the monthly Santa Clara County Hospital Net for [MONTH].

HOSPITAL ROLL CALL DATE: _____

Hospital	Call Sign	Name	Call Sign	Name	Traffic	Packet	Hos Eq
MEDICAL HEALTH OPERATIONS CENTER (Packet: HOSDOC)	_____	_____	_____	_____	Y N	Y N	Y N
