

ARES®/RACES Countywide Communications Exercise

- Who** Every amateur radio operator interested in or involved in emergency communications should attend
- What** Annual, large-scale, countywide communications exercise
- Goals:
- Each participant will leave a better operator than when they arrived
 - Everyone will have some fun!
- Overall:
- Focus is on skills that will be used at the local (city/agency) level
 - Individuals can select one or more activities in a variety of skill areas
 - Open to both new and experienced amateur radio operators
- When** Saturday, September 28, 2019, 08:00 – 13:00
- Where** Edith Morley Park, Campbell
- Details** Activity areas:
- Field Communications
 - Net Control
 - Packet Operations
 - Shadowing
 - Cross-band repeating
 - Radio programming and operations
- Experience levels:
- Introductory level provides mentoring and instruction for those who are new to that skill or emergency communications in general
 - Experienced level provides challenges to even the most experienced operators
