

Is there any priority or emergency traffic before we begin tonight's Hospital Net?

[PAUSE]

Good Evening! This is [CALL], [NAME], Net Control Operator for the monthly Santa Clara County Hospital Net on the N6NFI repeater, 145.230 MHz, negative offset with a PL of 100Hz.

This net meets on the 4th Wednesday of each month at 1900 hours local time for the purpose of training and to verify operation of amateur radio equipment installed at each local hospital.

[PAUSE]

This net is being conducted from [HOSPITAL], part of the Santa Clara County Hospital Net. The tactical call sign for this station is [HOSPITAL]. My call is [CALL].

[PAUSE]

I will now conduct a roll call of the hospitals. Please respond with:
the name of your HOSPITAL,
your amateur CALL sign (using phonetics), and
your first NAME.

Identify other amateur operators with you:
CALL sign (using phonetics), and
first NAME.

Indicate if you:
have any **Traffic**,
have sent a **Packet Message** (to: hosdoc@w2xsc). And if you
are using **Hospital** or **Personal equipment**, and if you
have a **Printer** and, if so, have **Tested** the Printer (by printing something).

[Go to Hospital Roll Call sheet – next page]

This concludes the polling of the hospitals. This is [CALL].

[PAUSE]

I will now take traffic from those hospitals indicating they had traffic.

[Refer to poll list – call each in order and handle any traffic]

Are there any late or missed hospitals that wish to check in? Go now, please.

Is there any other business for the net at this time?

[PAUSE]

Thank you for your participation in the Monthly Hospital Net. We will now return the repeater to normal use. Our thanks to the owners and operators for use of their repeater this evening. This is [CALL], [NAME] closing the monthly Santa Clara County Hospital Net.

HOSPITAL ROLL CALL
