History and Tradition

• The City of Xanadu was founded in November 1850
  • Same year that Santa Clara County was formed
• Founding celebration included a festival and a parade
  • Because of the time of year, a pumpkin theme was chosen
• The legend of “The Great Pumpkin” was formed
  • Yes, this is where Charles M. Schulz got the idea for the Peanuts movie
• The parade continues to be held every year
  • Very popular; now a county-wide attraction
• This year, the parade goes on; name changed due to COVID-19
